REQUEST FOR RECONSIDERATION

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

December 17, 2007

Sir:

Applicants request reconsideration of the rejection set forth in the Office Action dated August 17, 2007. The grounds for traversing the rejection are a three fold. First, the contention that the claim limitation regarding the amount of the carbides in the grain boundaries is inherent in United States Patent No. 4,878,955 to Hoshino et al. (Hoshino) is improper since Hoshino does not teach a processing similar to Applicant's processing. Second, the composition of the invention cannot be gleaned from the teachings of Hoshino. Third, United States Patent No. 6,379,621 to Kushida et al. (Kushida) does not remedy the failings in Hoshino even if it were obvious to combine Hoshino and Kushida. The differences noted above are even more evident when comparing the objects and effects of Hoshino as compared
